Is your shipment export controlled?

Is your research material being shipped internationally?

Is it going to an embargoed country?

Do parties involved “HIT” in Visual Compliance?

Do you know the ECCN(s)?

Is a license required?

Is the value of the shipment over $2500?

Is an AES Exemption available?

Proceed with the shipping process.

Further review of this shipment for compliance with export laws and regulations is necessary. Please contact your ECC or Logistics for assistance.

export@ucar.edu

International shipments must be handled by Logistics.

ECCN: Export Control Classification Number
AES: Automated Export System
ACE: Automated Commercial Environment
